Due to the outbreak of COVID-19 in the beginning of 2020 and the situation has not been changed up to the date of this circular, CUC is following the suit of the HK Government Health Care policy on the social gathering restriction and care about the health conditions of our members. Hence the events planned for 2020 have been withheld and CUC will try to organize more meaningful events for our members to participate once the pandemic situation improves.

We are now focusing to improve our “CUC HK” website so that our members can catch up what CUC is doing and planning to do in the future even you are “Working from Home”. We hope this newly looked website can be launched sometimes in December 2020 and your comments are most welcomed. Special thanks to our 2nd Vice President, Mr. Li Haibin of PICC HK for his great effort on this important task.

We hope that CUC can resume to organize the events soonest and your kind support is highly appreciated. Once again, CUC wishes the well being of all our members as well as all insurance practitioners and to keep healthy during this tough period of time.

Yours Sincerely,
Jeffery Chan
